

Proposed Bill to abolish charges for non-residential social care

Page 2: About you

Please provide your name and other contact details. Please provide at least one means of contacting you (address, e-mail or telephone) - e-mail is our preferred option. (NB: you will be given the option shortly to specify whether it is your name or your organisation's name that is to be used, and you may also request anonymity or confidentiality for your response.)

Your name (mandatory)

[REDACTED]

Name of your organisation (if applicable - otherwise leave blank)

[REDACTED]

Your Job Title (if applicable - otherwise leave blank)

[REDACTED]

Contact details (please provide at least one of: email, telephone number, postal address) (mandatory)

[REDACTED]

Please indicate below whether you are content for your response to be attributed to you by name (either your name or that of your organisation)

I would like my response to be anonymous (the response may be published, but no name)

Page 4: Your comments on the proposal

Q1: Do you support the principle that non-residential social care services should be available free at the point of delivery to those who have been assessed by a relevant professional as requiring them (as is the case within health care)?

Yes

Please explain your answer

People who require critical care do not 'ask' to be in this position - it is normally due to a condition that they find themselves in and shouldn't be punished further for something that they have no choice in

Q2. Do you agree that legislation is a necessary and appropriate means of addressing the issues identified?

Yes

Q3. The current system has resulted in varying charges in different areas for the same level and quality of service. Do you agree that there should be consistency across Scotland?

Yes

Q4. Should all social care related services be free at the point of delivery?

No

If you answered Yes, please explain your reasons. If you answered No, please explain which services should be excluded, and why. (Please refer to the services set out on page 7 of the consultation document).

There should be levels of which a person can choose their services/support If they receive critical care then this should be free at point of delivery

Q5. What are the likely financial implications (if any) of the proposed Bill to you or your organisation? What (if any) other significant financial implications are likely to arise?

n/a

Q6. What do you think the implications of the proposed Bill are for equality? If it is likely to have a substantial negative implication, how might this be minimised or avoided?

Positive

Q7. Are there any other comments you would wish to make that are relevant to this proposal?

No Response
